Standby Generators

POWERFUL. RELIABLE. UNMATCHED.

PowerProtect™ 26kW¹ Standby Generator

The most powerful air-cooled standby generator on the market.

Power everything with Briggs & Stratton® PowerProtect 26kW Home Standby Generator. The 26kW generator supplies enough power for a whole house, even heavy loads like your air conditioner. That means you won't have to sacrifice anything when the power goes out. Our NGMax™ technology provides more power on natural gas, giving you more power for your money. And with the longest and most comprehensive standard warranty in the industry, you'll enjoy years of worry-free performance.

Live life uninterrupted and make power outages a thing of your past. PowerProtect Home Standby Generators offer protection from power outages, increase the value of your home, and can even reduce home insurance premiums — it's an investment that keeps on giving.

Engineered with
NGMax™

for superior power and performance

Experience unmatched power with NGMax: With over 70% of US homes having access to natural gas, our PowerProtect generators are designed to run on both liquid propane (LP) and natural gas (NG). **With NGMax, you get more power on natural gas, setting a new standard that leaves the competition behind.**

POWERPROTECT.

Standby Generators

Highest Rated Power Output on Natural Gas³

Engineered with NGMax for superior power and performance with convenient hookups for both liquid propane and natural gas.

Eco-Cise™ Weekly Test Mode

Our short 16-second weekly test mode ensures your generator is in top operating condition while reducing noise and fuel consumption.

Corrosion Protection

Reinforced, corrosion-resistant aluminum enclosures and bases with Dura-Zen™ coating for a long-lasting attractive appearance.

Flexible Installation & Maintenance

Approved for installation as close as 18" to a building⁴ with easy toolless panel removal for serviceability and maintenance.

Vanguard® Commercial-Grade Engine

Designed for reliable, continuous performance—from the engine experts at Briggs & Stratton.

Suitable for Off-Grid use or Demand Response Programs

Certified for non-emergency use, partner with your utility company's demand response program to receive incentives for helping reduce the overall load on the power grid.

Superior Motor Starting

Ensure smooth operation of your large appliances during startup.

In-House Call Support

Enjoy direct access to our US-based Briggs & Stratton energy experts whenever you need them.

Most Comprehensive Warranty in the Industry²

No out of pocket costs; labor, parts, service all included. That's up to a \$735 value!

Better Performance and Value than the Competition

	Briggs & Stratton 26kW	The Competitor 26kW
LP kW	26	26
NG kW	24	22.5
Cost Per kW NG	\$271	\$281
Weekly Test Cycle Time	Eco-Cise 16 seconds	5-12 minutes
Warranty	6-years comprehensive	5-years limited

Expertise and Quality You Can Trust.

With 115+ years of experience providing power solutions, Briggs & Stratton is a brand homeowners trust. Our products are engineered and assembled in the USA and our customers can rely on us for exceptional performance and durability. Our commitment to delivering the most powerful and reliable home standby generators in the industry ensures that you have the peace of mind you deserve when it comes to safeguarding your home's power supply. Say hello to a new era of standby energy and **keep powering forward™**.

¹ This generator is rated in accordance with UL (Underwriters Laboratories) 2200 (stationary engine generator assemblies) and CSA (Canadian Standards Association) standard C22.2 No. 100-14 (motor and generators).

² See operator's manual or BRIGGSandSTRATTON.com for complete warranty details.

³ In its named class.

⁴ The installation manual contains specific instructions related to generator placement in addition to NFPA 37, including the requirement that carbon monoxide detectors be installed and maintained in your home or business.
